Telephonic/Virtual hearings

The juvenile division is using Zoom for remote hearings. Please download the Zoom app on your device and familiarize yourself with it.

- Provide parents/caregivers/gal volunteers the link or the webinar/meeting id and password whenever possible for virtual appearance
- If parties are calling in together they should share a phone/computer
- Keep your phone muted unless you are speaking.
- Interrupting during a hearing will result in your being muted.
- If you continue to interrupt the hearing you may be removed from the hearing and unable to return
- You must Efile all Judicial Reviews, Case Plans and evidence for consideration 72 hours before the hearing. (if you need to email the document to ensure it is available to the Court and Parties please do so).

All parties are encouraged to confer on their upcoming hearings and discuss matters that can be resolved without the need for a hearing.
